

May 8, 2017 Woodhull Township

Park Commission

F. Kline opened the meeting at 7:00 with pledge and prayer.

Roll Call

Mr. F. Kline – Present

Mrs. C. Henske – Present

Mrs. P. Hill – Present

Mrs. K. Colby – Present

Mrs. L. Sayles – Present

Amendments to the April meeting will be adjusted accordingly. On the second page of the minutes should read inspection of playground equipment per Fred is partially done. Third page, first paragraph will replace requiting with requiring. Fourth page, first paragraph the last name of Katie is Plashek.

Minutes

Minutes read. Motion to accept minutes as amended by L Sayles and P. Hill seconded. Motion carried.

Fred went off the agenda at this time and asked for Public Comment. S. Mendell asked about a dedication of the historical marker that M. Shaft instituted for the Historical site. K. Nickols says that there are pictures being collected and will be placed in the hall. B. Lyon may have

pictures, since W. Lyon was the Historian of Shaftsbury. Sheila also mentioned handicap accessible swings. C. Henske says we can look into it when we purchase new swings. K. Nichols has the phone numbers corrected that are on the web for the ball fields. K. Colby asked about the minutes, when will they be on the web? K. Nichols says they are still working on the web site and should be up shortly. The minutes should be written up soon after the meetings each month and given to the Woodhull Township. The address for the Township's web site is woodhulltp.org.

Metal box for the surveillance camera

C. Henske's husband Carl says if you put up the metal boxes or anything else you put up to protect the camera's that if they want to get to the camera's they will break the boxes to get to them. What he uses is cables, the cable goes around the tree attach to the camera, cables are around \$30. L. Sayles motions that we purchase the cables for the camera's, P. Hill seconds. Motion carried. C. Henske will purchase the cables.

Inspection of playground equipment

Fred says the inspection of the playground equipment is done, but haven't gotten the paper work into the county yet. The pea stone needs to be ordered and two ring bars at the end of the monkey bars need to be painted. C. Henske mention at the Twp. meeting about the painting of the rocking horses and J. Brehm knew of someone. C.

Henske asked the art teacher in Perry and she didn't know about if it's a good idea to ask the kid's at the school to paint them. J. Brehm will get a card of the person he knows and will give it to us. Back to the pea stone, no one ever measures how deep the pea stone is. A suggestion was made to add landscape ties to keep the pea stone in. Google say 10-12 inches per K. Colby. We need to order pea stone and find out how much. F. Kline will check into it. McKinsey has gravel. C. Henske will call on the pea stone. F. Kline mentioned a week ago one of the boys playing ball broke his wrist.

Garden Tractor

Still looking for Garden Tractor. The size of a garden tractor that's needed is 20 plus horse. Tractor and draw bar or hitch is what is needed. P. Hill will check with Roger her husband on the garden tractors.

Ballfield fence tubing

F. Kline will get ahold of Spartan Fence on the tubing. Find out the cost, etc.

New Business

Paula – no new business

Connie – Budget received for the year. Copies of the budget distributed. The park will receive \$700.00 less than last year. The small CD was cashed and put into a fund. C. Henske did contact Meridian Twp. clerk and asked about the adult equipment at Wonch Park and

asked how it held up in the winter. They sent a lot of information on the equipment.

Krista – no new business

Laura – no new business

Fred – Passed the water test from DEQ, water has been turned on. Paper's were turned into K. Plashek in Corunna. C. Henske motions to pay Fred \$63.22 for the two signs on the park's surveillance cameras. Krista seconded. Roll Call – F. Kline- yes, L. Sayles – yes, K. Colby – yes, C. Henske – yes, P. Hill – yes. Motion carried. C. Henske motion to pay F. Kline \$100.00 for the two water tests, K. Colby seconded. Motion carried. Roll call – F. Kline, L. Sayles, K. Colby, C. Henske, P. Hill all said yes. Fred talked to John Keech about the mercury light, he talked about the new technology of LED lights. About \$100.00 to put one up. Fred would like more information on how much other lights would cost before he pursues it. K. Colby asked about the light in the camera on what activates that. We will wait to hear back from J. Keech. There is a broken spring toy, the sea horse needs to be repaired. The fence has been fixed where the tree landed.

Guests tonight are, Sheila Mendell, Julie Black, Bill Hall & Kay Nickols.

Fred asked if anyone had any questions from the public here tonight. Julie had questions, when are the camera's going to be put up? As soon as we get the cables. A

question on the mercury light, can something be put on the light for protection, Fred will check with J. Keech. Is Pure Green just for spraying of the lawn only or can they put a chemical in for mosquitos? Need to fog an area and need to continue doing it. Cost is too much to fog.

Meeting adjourn until next month June 12.
