

To: Woodhull Township Park Committee
From: Jerry Bawks, Park Facility Manager
Re: Monthly report
Date: Nov. 11, 2024

Accomplishments:

J&M Well Drilling was called to remove the hand pump at the upper pavilion. That work was completed. ARPA funds were used for this work.

The toys, swings and doggie mail boxes were put away for the winter; thanks to the Palmatiers and Provines.

Mowing and leaf mulching has continued as well as leaf cleanup in the main entrance to the park.

Trash barrels from the ball fields have been stored for the winter.

Gasoline was purchased from Costco.

The wells were winterized.

The freezables were taken to the township hall basement for the winter.

American Rental was called to either clean the outside of the porta-john or replace it. The outside is very dirty and moldy. The contact person is Emily.

A huge "Thank You" to Bill Melrose who has been my "right hand man" these last 3 years. We completed several projects and saved the park thousands of dollars.

Goal:

Mulch more leaves as they continue to fall.

Clean the leaves out of the entrance again.

Dump the trash and dog waste stations one more time.

Quietly slide into retirement from the park facility manager's position!

Purchase:

Costco	\$103.28
